NDIS School Leaver Employment Supports (SLES)

NB All documents noted in the flowchart below are available on the Resources page of the AISACT website (http://bit.ly/208v90Q)

Provide Year 12 families who have a child with a disability and who meet the NDIS disability criteria with a copy of the fact sheet, the My NDIS Pathway and the consent form.

Schools will need to complete the first 3 questions before you are able to print off a blank copy.

Once Schools receive the consent form from the family, provide the family with a copy of the assessment document so they are able to consider responses to the document.

Consent forms are to be kept in students file at the school.

Organise a time to meet with the family in order to complete a combined response to the assessment document. Alternatively, families may provide the school with their responses and the school can then compile the responses to the assessment document.

Print and save a copy of the assessment document before submitting electronically. Assessments are due by 31st July

Once submitted, the assessment will automatically go to the NDIA

The NDIA de-identifies the assessments and sends them to the University of Wollongong for processing

Results to AISACT in late September. Results will be provided to schools.

Refer to the Assessment Guide for teachers in how to fill out the guide.
