|---|---|---|---|---|
| **NAPLAN Item Analysis** | • School Item Analysis – Non Writing<br>• School Item Analysis – Writing<br><br>• Student Item Analysis – Reading<br>• Student Item Analysis – Numeracy<br>• Student Item Analysis – Grammar<br>• Student Item Analysis – Spelling<br>• Student Item Analysis – Writing | NAPLAN | Granular and Aggregate | These reports allow school-based staff to analyse NAPLAN results at the question/item level. The analysis allows for comparison between years, students, school, SSSG and the state. |
| **School Performance** | • Average NAPLAN Scores over Time vs SSSG/State<br>• Equity Groups<br>• % of Students in Band Category<br>• % of Students in Bands vs SSSG/State<br>• % of Students in Bands over Time<br>• Number of Students in Bands over Time | NAPLAN | Aggregate | These reports provide an insight into school-level student performance for NAPLAN. These reports only show results for cohort assessments conducted in the selected school. The reports can be used to illustrate the performance and comparisons of a school's cohort against the state as well as a SSSG group. |
| **Student Performance** | • Reading & Numeracy<br>• Student Growth<br>• Student Growth Across Bands<br>• NAPLAN Results<br>• Student Single View | NAPLAN | Granular | These reports display performance information for a student, including assessments that the student sat at other schools. The report will display results and growth of the students and all assessments for the selected cohort. For example – if you select Year 9 students in your school in 2016, the report will show you NAPLAN 3, 5, 7, and 9 results for those students.<br>**Note:** Both the cohort enrolment year and cohort scholastic year slicers must be selected. |
