

Secondary Teachers

Empowering Success through Numeracy

Open for registration now
Course available from 3 Aug–31 Dec

This professional learning provides secondary teachers with an in-depth look at the general capability of numeracy, its relationship with mathematics and how it pertains to subjects other than mathematics. Numeracy is an essential tool for accessing information and demonstrating knowledge in all areas of the curriculum. Explore how numeracy skills can be utilised in all subject areas to enhance student learning.

Professional Standards – Proficient Teacher Standards

1.2.2 Structure teaching programs using research and collegial advice about how students learn

1.5.2 Develop teaching activities that incorporate differentiated strategies to meet the specific learning need of students across the full range of abilities

2.5.2 Apply knowledge and understanding of effective teaching strategies to support students' literacy and numeracy achievement.

Instructions for using the Open Learning Australia platform

1. Copy and paste the URL into your search engine and the landing page should appear.
2. Click join now. Enter your details to access the Open Learning platform.
3. Enter the access code given for this course. The access code is case sensitive.
4. Four pre-enrolment questions will be asked; full name, TQI number, email and your school. These questions are so we can accredit TQI hours to you. All questions require a response, including a correct email address in case we need to contact you if something goes wrong in the process of uploading your hours.
5. 'Join' the course. The course will be available any time after the 3 August and if you register before this date, a reminder email will be sent to you.
6. Work through the modules at your own pace and complete before 31 December. You can return anytime by visiting the Open Learning website and typing in the user name and password that you created in step 2. (www.openlearning.com)
7. On completion, click on "You are Awesome!" button to download your certificate.
