

# Radford College Remote Learning

## Guidelines for Pre K-Year 3 Parents

### Wellbeing & Routine

- \* Get up at a regular time
- \* Get dressed, eat a healthy breakfast, clean teeth & brush hair
- \* Some children may wish to wear uniform to maintain a routine
- \* Do some exercise & avoid screen time before the learning day
- \* Be ready for learning by 9am
- \* Be offline as much as possible - play, exercise & get some fresh air
- \* Structure regular times for meals
- \* Perhaps set up a learning space at home
- \* You could have a 'pack up time' to mark the end of the day
- \* Maintain a regular bedtime and healthy sleep patterns

### Connection & Learning

- \* Just before 9am, check internet connection ready to access the year level Sway
- \* Support children in accessing Sway & where possible, watch the video introduction(s) with your child/children
- \* Children will then be able to explore the learning engagements teachers are carefully planning.
- \* Activities will be a continuation of the current program
- \* Learning experiences will promote inquiry & thinking, providing opportunities for skill development and practice

### Optimise Learning

- \* Photos of learning activities will help to make the experience more memorable for children and consolidate learning
- \* Teachers will also love to see the odd photo of children. We will miss them so much through this time
- \* Although we hope to limit screen time, children could make a short daily video on a parent device as a reflection of their learning for the day

### Troubleshooting

- \* Please check that you are able to access your class Sway with your parent account.
- \* If you have problems with login, please check your account details
- \* Check that pop-up blockers do not prevent you from accessing the teacher's videos that will be linked on Sway
- \* Checking access in a different browser (Chrome, FireFox, Safari etc) can also be a good workaround.
- \* If problems are not resolved with these steps, contact your classroom teacher for advice.
